a) Derby Improvements LLC, 656 New Haven Avenue: Modification to a Special Exception Application: Discussion and possible action for a reduction in parking and expansion of shopping center for a Big Y on land zoned Business-1.

John Schmidt of BL Companies gave a presentation. Mr. Estwan mentioned that the mail receipts have all been received. Ed Pepin of Pepin Associates spoke about the architectural aspects of the plan.

Mr. Estwan discussed the realignment of the back entrance on Sodom Lane and John Street. Mr. Schmidt explained the grading issue in trying to move the driveway over. It doesn't appear there is enough room to grade the driveway safely or properly. He will work with his client to see if there are some other options.

Mr. Jalowiec seconded and the motion carried.

b) Red Raider Derby, LLC, 40-60 Pershing Drive: Special Exception Application. Discussion and possible action for an additional pad for a food service establishment with a drive thru and reduction in parking requirements on land zoned Business-1.

Attorney Thomas discussed the applications and provided photographs of the parking area to show the unused space. Parking will be reduced by 30 spaces which will be a less than a 10% change. Mr. Jalowiec addressed concern with some of the spaces near the railroad being used as locations for dumpsters and they shouldn't be included in the totals. The building department should look into that as well as some of the businesses using that parking area as outdoor storage. Mr. Schmidt from BL Company presented the

drawings of the additional pad. Fred Greenberg discussed the traffic impact study which determined no significant change. Attorney Thomas asked to keep the public hearing open until the next meeting in September.

Nothing else was discussed at this time. Mr. Estwan motioned to continue the public hearing to next meeting. Mr. Rogers seconded and the motion carried.

10. New Business

a) 50 Olivia Street: Minor Modification Applications. Discussion and possible action for modification to a wireless rooftop antenna facility.

Lucia Chiochio of Cuddy & Feder LLP spoke about their modification request for 3 additional AT&T antennas. They are larger but will not extend taller than the existing antenna. Part of the upgrade would be that one antenna would be dedicated for first responders. The applicant states that the modification falls under federal law; however, Mr. McEvoy stated that the antennas are larger and they fall outside the Derby zoning regulations. Attorney Schellenberg is researching the issue.

Mr. Estwan motioned to table this item until the September meeting. Mr. Jalowiec seconded and the motion carried.

Mr. Estwan stated that the mail receipts were received.

11. Old Business

a) ~~The Hops Company, 77 Sodom Lane: Site plan application. Continued discussion and possible action for building reconstruction and site improvements on land zoned Business R-3.~~

12. Payment of Bills

Mr. Rogers motioned to approve the payment of bills as applicable, Mr. Jalowiec seconded and the motion carried.

13. Adjournment

Respectfully submitted,

Terri Kuskowski
