**Public Portion**

**Ms. Barbara DeGennaro, 51 Paugauseff Road. Ms. DeGennaro said she was present tonight to speak on behalf of the last item on the agenda, a new vehicle for the Fire Marshall. I am a member of the Board of Alderman and the Capital Plan Commission. Mr., Hawks the Fire Marshall has come to the last 3 meetings of Capital Planning requesting a new vehicle. I strongly support this request, as he responds to all fires, investigations, planning and zoning meetings and does reviews for all new buildings. I**

consider him to be on the same level as the Police Chief and the Fire Chief. They lease vehicles every 3 or 4 years. Mr. Hawks has been getting all the hand me downs. Mr. Hawks asks for very little. I am here to support Mr. Hawks. People don't know all the things that he does.

Mr. Butler asked Ms. DeGennaro, if this is approved, does it have to go back to Capital Planning? Ms. DeGennaro said Yes, it would definitely have to, and the Capital Plan will have to be modified, then it will go back to the Board of Alderman, then back to the Board of Apportionment and Taxation. Ms. DeGennaro thanked the Board.

Mr. Charles Sampson, 6 Commodore Hull Drive, President of the Board of Alderman. Mr. Sampson said he agrees with Ms. DeGennaro and added we are physically responsible for the safety of our Fire Marshall and we should be looking at rolling over all vehicles every 4 years.

Mr. James Petrino, 18 Garden Place, He too has safety concerns and he agrees with Barbara and Charles and no firemen should be carrying gear in personal vehicles.

Dennis O'Connell, 71 Harrison Avenue, Parks & Recreation. Mr. O'Connell refereed to his letter dated 6.13.18, regarding funds that were not used from last year's budget. Ryan Field was closed all year, so that had a surplus of \$21,000 in their budget. Several items did not make the bid. There are 2 items that he is concerned with, storage bins and the new press box. With the \$21,000 from last year and \$10,000 we would have the ability to purchase the storage bins. These bins are used for track and football equipment. The bins we are looking at are more sturdy, and much better than what we have. Mr. Coppola said he will put this on the agenda next month. These bins will also store the groomer, which will also store the groomer which cleans the artificial turf.
